

NEW PRODUCT AVAILABLE!

HD NOMADIC STANDARD

This Roof Top Tent is made from heavy duty double insulated one-piece black diamond plated base material and features marine grade stainless steel hinges and hardware. The 280G Heavy Duty Poly Cotton Rip Stop Canvas body is built to withstand the elements, and the included rain fly provides additional protection from the elements. The 420D Heavy Duty Polyester rainfly will keep you dry in even the heaviest of downpours. All the seams in both Roof Top Tent Rainfly and Roof Top Tent Body are heat sealed for extra waterproofing. The new "V" strength ridges integrated in the window roof poles are designed for stability in windy conditions.
