XD Atlas Roof Top Tent Instructions

**CAREFULLY READ INSTRUCTIONS
PRIOR TO THE FIRST USE OF THE
XD ATLAS ROOF TOP TENT**

GET TO KNOW YOUR XD ATLAS ROOF TOP TENT

We recommend you check all parts are included prior to first use.

COMPONENTS INCLUDED

4x Extrusion End Cap and Screws
4x Mounting Plate
8x Flat Washers
8x M8 x 1.25 14mm Long Bolt
8x M8 Nylon Lock Nut

1x Ladder
2x Window Rod
1x Spanner

GETTING STARTED

1

Find a flat area to work & open the carton. This will provide a clean surface to work on while tent is being set up. Check that all components are supplied.

ASSEMBLY OF COMPONENTS

2

Place the tent on top of your vehicle rack system, ensuring the mounting tracks are perpendicular to the bars they will mount to, and the tent is centered on the roof rack.

Position the hinge so that the tent will open to the desired side

Slide the 13mm bolts and channel sliders into the mounting tracks. Lift one side of the tent to position one set of bolts and channel sliders on the inner side of the roof rack bar and an additional set on the opposite side. Repeat on all four corners.

3

At each of the four corners where the rack bars and mounting tracks cross, using a steel mounting plate and nylock nuts to secure the bolts on either side of the bar. Tighten all eight bolts securely with the included nuts and wrench. Check all the mounting bolts and brackets periodically during use.

SET-UP & CARE INSTRUCTIONS

NOTICE FOR ALL CUSTOMERS: ANTI-SEIZE LUBRICANT MUST BE USED ON ALL STAINLESS STEEL FASTENERS TO PREVENT THREAD DAMAGE AND GALLING

4

After ensuring the tent is positioned correctly and all eight bolts are tightened securely, insert rubber end caps into the ends of the mounting tracks. This may require light taps from a hammer.

5

- Avoid storing your tent wet. If conditions dictate that you do, open, and dry out as soon as possible to avoid moisture damage.
- The overall height of your vehicle is increased when driving with your roof top tent.
- The center of gravity is altered when the rooftop tent is fitted to your vehicle. Adjust your driving to accommodate this change.

Your Roof Top Tent is located so it will open to the rear of the vehicle.

The minimum spacing between the roof rails is to be 48 inches to ensure that the tent is supported correctly, the weight is evenly distributed

48 INCHES

XD Atlas Roof Top Tent

SET-UP & CARE INSTRUCTIONS

6

Pull down and lift all 4 latches.

Use the ballistic nylon handle to pull the tent upward and let the nitrogen gas charged struts lift the rest of the tent completely.

Pull out and set down the telescoping ladder

Once the tent is fixed securely to the vehicle's roof rack and the vehicle is positioned with the hand brake applied, attach the ladder, and ensure that it is secure and is locked in position and on an angle of 70 to 75 degrees.

Pull out, extend and lock the interior telescoping entrance pole.

SET-UP & CARE INSTRUCTIONS

JANUARY 2026

CLEANING

1. Open the tent fully and brush / vacuum inside.
2. Clean the fabric as needed using a mild detergent, warm water, and a soft to medium brush. Rinse fabric of all detergent prior to drying.
3. Dry tent in the sun with all windows open. The tent must be completely dry before storage, or mildew and mold may occur. This is especially necessary after camping in rain or wet conditions.
4. Using a small brush, remove dirt from zippers. Use a silicon spray to keep zippers lubricated.
5. Using a small brush, remove dirt from zippers. Use a silicon spray to keep zippers lubricated.
6. Wash mattress pad and hang dry

CLOSING & STORING

- It is possible to leave sleeping bags and pillows on the mattress if laid flat, however these may need to be removed if it is difficult to close the tent, as this may put excessive pressure on hinges and latches that may cause failures or damage to the tent.
- Release and store the safety pole, exit the tent, and detach the flexible awning stays and store.
- Return the external shock cord to the center of the fabric to allow the canvas to be pulled toward the center of the tent.
- Using the storage strap, pull the lid in a downwards direction, as the lid is being pulled down check that the canvas is tucked in and is not trapped between the rubber seal around the edge of the tent body, secure the strap and excess fabric and lock the latches then store the ladder.

WARNINGS

- **THE ATLAS ROOF TOP TENT HAS BEEN DESIGNED FOR GENERAL CAMPING USE UNDER NORMAL CONDITIONS.**
- **TO AVOID CHANCES OF PERSONAL INJURY AND PROPERTY DAMAGE, WE HIGHLY RECOMMEND THE ATLAS ROOF TOP TENT SHOULD NOT BE ERECTED DURING WINDY CONDITIONS AS PERSONAL INJURY AND OR PROPERTY DAMAGE MAY OCCUR.**
